

Why The Blood

(1-2)

By Paul Tackett

Part 1 - Why Blood? The Hidden Mystery Behind God's Requirement for Sacrifice

To the modern mind, the Bible's emphasis on blood can seem strange—perhaps even primitive or barbaric. Why would a loving, peaceful God require the slaughter of animals? Why was blood necessary for forgiveness? Why did God allow His own Son to die a violent death, shedding His blood for mankind? Beneath these questions lies a mystery that transcends both biology and ritual: **blood is more than fluid—it is life itself.** And Scripture reveals it is a spiritual key between the physical and invisible realms.

This essay will explore the true meaning of blood in the Bible: its purpose, its power, and why it is at the very center of God's redemptive plan.

1. The Life Is in the Blood

The foundation of this doctrine comes from Leviticus 17:11:

“For the life of the flesh is in the blood: and I have given it to you upon the altar to make an atonement for your souls: for it is the blood that maketh an atonement for the soul.”

From the very beginning, God established that **blood equals life.** It's not symbolic—it is literal. Blood is the vehicle through which life flows. When blood is spilled, life departs. This is why God required blood for atonement: it represents a life being offered in place of another.

The idea is not cruel—it's **legal.** Life must be exchanged for life. This is the foundation of substitutionary atonement. A sinless life must be given for the guilty, because **sin brings death** (Romans 6:23). Only blood can bridge that gap.

2. The Cry of Abel's Blood

After Cain murdered Abel, God said something extraordinary:

“The voice of thy brother's blood crieth unto me from the ground.” (Genesis 4:10)

This was no metaphor. Abel's blood had a **voice**—a testimony that reached the ears of God Himself. Blood carries more than oxygen and nutrients; it carries **spiritual memory**, identity, and legal testimony. Abel's blood cried for justice.

In Hebrews 12:24, we are told that Christ's blood "speaketh better things than that of Abel." Abel's blood cried out against injustice; Jesus' blood cries out for mercy, redemption, and peace.

Blood is not silent. It records. It speaks. It testifies before God.

3. Why Certain Sacrifices Were Accepted

God did not accept just any sacrifice. He gave specific instructions regarding **what kind of animal** was acceptable: clean, without blemish, often a lamb, goat, bull, or turtle dove.

Why?

Because each animal symbolized an aspect of the coming Messiah:

- **The Lamb** typified Christ's innocence and humility.
- **The Goat** (especially the scapegoat) carried sin into the wilderness—symbolizing sin's removal.
- **The Bull or Ox** represented strength, service, and the burden-bearing nature of Christ.

Animals were chosen because they were **symbolic foreshadows** of Jesus Christ, the Lamb slain from the foundation of the world (Revelation 13:8). Their blood was not sufficient to take away sin permanently (Hebrews 10:4), but it pointed toward the One whose blood could.

4. Was God Barbaric for Requiring Sacrifice?

This is a common objection: how can a loving God require so much blood?

The answer lies in understanding the **seriousness of sin**. Sin is not merely wrongdoing—it is **cosmic treason**. It introduced death, decay, and corruption into God's perfect creation. The wages of sin is death (Romans 6:23). So the blood sacrifices of the Old Testament were **visual sermons**, dramatizing what sin costs and what redemption would eventually require.

God did not delight in the death of animals. He made it clear:

“To what purpose is the multitude of your sacrifices unto me? saith the Lord... bring no more vain oblations...” (Isaiah 1:11-13)

He wanted obedience and a broken heart—not empty ritual. But until the perfect Sacrifice came, the blood of animals stood as a **temporary legal covering** (Hebrews 10:1).

5. The Blood and Water from Christ’s Side

At the crucifixion, something profound happened:

“But one of the soldiers with a spear pierced his side, and forthwith came there out blood and water.” (John 19:34)

This is not just a medical detail. It is prophetic. Blood for **atonement**, water for **cleansing and life**. Jesus had already declared:

“He that believeth on me... out of his belly shall flow rivers of living water.” (John 7:38)

Water symbolizes the Spirit. Blood symbolizes the life. From Christ’s side flowed both the **payment for sin** and the **source of eternal life**. Just as Eve was taken from Adam’s side, the Church—the Bride of Christ—was born out of the blood and water from the second Adam’s side.

6. Were Humans Originally Created with Blood?

The Bible teaches in 1 Corinthians 15:50:

“Flesh and blood cannot inherit the kingdom of God.”

Why mention blood specifically? Because blood is the **contaminated record** of fallen man. There is a biblical idea—rarely discussed—that Adam and Eve were not originally created with blood as we know it, but with **a different kind of life flow**, possibly water infused with the Spirit.

In Genesis 2:7, God forms man and breathes into his nostrils the breath of life. There is no mention of blood until after the fall. Once they sinned, they became flesh and blood. And blood, as we know it, began to carry the death code of sin. This is likely why Jesus had to be born **of a virgin**, without human male bloodline, preserving a perfect bloodline.

The life that originally animated Adam may have been directly spiritual—a blend of water and light. But sin introduced corruption and changed the nature of man's body. Blood now circulates both physical and **spiritual death** through Adam's race.

7. The Enemy's Obsession With Blood

Satan mimics everything God does. If God uses blood for salvation, the devil twists it for **ritual power** and **control**.

This is why, throughout history, demonic religions have always demanded **blood sacrifice**—often of the innocent. Baal worship, Molech, Aztec rituals, and modern occult practices all involve shedding blood. They understand something that most Christians overlook: **blood opens doors**.

It is no coincidence that elite satanic groups engage in:

- Blood drinking,
- Ritual human sacrifice,
- The rumored use of **adrenochrome**, a chemical released in children under intense fear and pain.

These are not conspiracy myths—they are dark spiritual technologies. The world is full of ancient and modern attempts to access power through **stolen blood**.

Satan knows that blood is a spiritual conductor. That's why he seeks to corrupt it, spill it, defile it. He wants blood to **speak accusation and death**, while God wants it to speak **forgiveness and life**.

8. So What Is Blood, Really?

Let's pull back the curtain.

Blood is not just biology. It is a **metaphysical bridge** between the spiritual and the physical realms. Consider what blood does:

- **Sustains life**—physically.
- **Speaks**—as seen in Abel's story.
- **Carries memory and identity**—DNA is encoded in the blood.

- **Marks covenant**—from Abraham to Christ.
- **Testifies in heaven**—Christ’s blood is said to speak from the mercy seat (Hebrews 12:24).
- **Transfers inheritance**—spiritually and genetically.

Blood is the **receipt of life**. It can be corrupted. It can be cleansed. It can be replaced by something better—**the incorruptible blood of Jesus**.

9. The Blood of Christ: Eternal and Untainted

Unlike human blood, Christ’s blood is **incorruptible**.

“Forasmuch as ye know that ye were not redeemed with corruptible things... But with the precious blood of Christ, as of a lamb without blemish and without spot.” (1 Peter 1:18-19)

He was not born of Adam’s bloodline. The Holy Ghost overshadowed Mary, and Christ’s body was formed **without sin**. His blood is not stained by human corruption. It is eternal. It was offered once for all in the heavenly temple (Hebrews 9:12).

This is why trusting in Jesus is not just a moral choice—it’s a **legal transaction**. When you receive Him, **His blood covers yours**. His record becomes yours. You are no longer bound to the bloodline of Adam—you’re born again by the Spirit, sealed by the blood of the Lamb.

10. Conclusion: Why Blood?

The answer is simple yet profound:

- Because **blood is life**.
- Because **blood speaks**.
- Because **blood is legal evidence** in the courts of heaven.
- Because **blood is the only acceptable currency** for redemption.

God’s requirement for blood is not a relic of primitive culture. It is a reflection of eternal justice. Sin introduced death, and only life can pay for it. That’s why God required sacrifice. That’s why Christ had to die. And that’s why the blood of Jesus is the most precious substance in all creation.

The next time someone asks, “Why blood?”, remind them: blood is **the book of life**, the **record of death**, and the **key to resurrection**. And only one blood speaks better things than that of Abel: the blood of Christ, who loved us and washed us from our sins in His own blood.

Why Blood? (Part 2) – The Hidden War in the Veins of Humanity

The first essay laid the foundation: *blood is life*, it speaks, and it is God's chosen medium for atonement and testimony. But let's go deeper—beyond the sacrificial systems and into the **spiritual war** that runs *through blood itself*.

Because if blood holds life, then it's also the **most contested resource in the universe**.

1. Blood as a Spiritual Frequency

We often see blood as just tissue and plasma, but what if it acts more like a **spiritual transmitter**?

Just as DNA is an information code, **blood carries spiritual metadata**: identity, memory, inheritance, sin, and even curses. The Bible shows this in Exodus 20:5, where the iniquity of the fathers is visited *unto the third and fourth generation*. That's not just spiritual guilt—it's genetic-spiritual imprinting.

In short: **blood records everything**. It remembers. And because of this, it must be redeemed or it will testify against you.

2. The Battle Over Bloodlines

Genesis 6 reveals the first major assault: fallen angels (the “sons of God”) corrupted the bloodline of mankind by mixing their seed with human women. The result was a hybrid race—the Nephilim. This wasn't just moral corruption—it was **genetic warfare**.

God flooded the earth not simply to judge evil, but to **preserve uncorrupted human bloodlines**, leading to the Messiah. Notice: Noah was said to be “perfect in his generations” (Genesis 6:9)—a phrase implying genetic purity, not sinlessness.

Satan's goal? **Pollute the blood** so Christ could never be born.

3. Why the Virgin Birth Matters So Much

Jesus had to bypass Adam's blood.

"That which is conceived in her is of the Holy Ghost." (Matthew 1:20)

No human father = **no inherited sin nature**.

No corrupted bloodline = **no spiritual contamination**.

Jesus' blood was the **first and only** perfect, untainted, eternal blood. That's why His blood didn't decay in the grave (Psalm 16:10), and why it still speaks in Heaven (Hebrews 12:24).

His blood didn't just pay for sin. It **replaced the old bloodline**. Every saved believer becomes a new creature with a new spiritual lineage—not of Adam, but of Christ.

4. Blood Rituals in the Occult: Reverse Engineering Redemption

If Christ's blood redeems... Satan's followers seek to **steal, counterfeit, or corrupt** blood for power.

Ancient civilizations practiced:

- Child sacrifice (Molech worship)
- Blood drinking rituals
- Hybrid breeding programs (Egyptian, Babylonian, Greek myths)

Modern elites? They've just digitized the rituals:

- **Adrenochrome harvesting**
- **Secret cult ceremonies**
- **Transhuman experiments to bypass the need for blood entirely**

Why do they want to **edit the human genome**? Why push mRNA, nanotech, and synthetic blood? Because they want to **cut humanity off** from the bloodline of Christ and replace it with an *engineered post-human*.

5. The Blood of the Saints: Satan's Food

In Revelation 17:6, Mystery Babylon is *"drunken with the blood of the saints."*

Why drink blood if it's not spiritual?

Because Satan and his system are **parasitic**. They don't create—they **feed** on what is holy. They can't produce life, so they try to extract power from the **innocent**, the **anointed**, the **pure**.

Just as God “inhabits the praises of His people” (Psalm 22:3), the enemy seeks to **inhabit spilled blood**—especially blood offered unjustly. That's why Abel's blood cried. That's why Christ's blood still speaks. That's why the martyrs' blood is collected under the altar in Heaven (Revelation 6:9–11).

Blood is *witness, offering, weapon, and record*.

6. The Fake Bloodline vs. the Real One

Jesus said:

“Ye are of your father the devil...” (John 8:44)

Not metaphorically—**literally**. Not everyone walking this earth is spiritually human. Some are **tares among wheat**, products of a counterfeit bloodline. Their fruit gives them away. They don't love the truth. They hate the Light. They persecute the righteous.

Meanwhile, Christ's blood gives us **new birth**:

“Not of blood, nor of the will of the flesh... but of God.” (John 1:13)

There are two bloodlines in this world—Cain and Christ. One feeds the system of death. The other **destroys it from the inside out**.

7. Why the Mark of the Beast Might Target Blood

Revelation 13 says the Beast marks those who worship him—on their **hand or forehead**—but what if the real target is **deeper**?

What if the mark is a **blood rewrite**?

- A genetic alteration that makes you *unredeemable*.
- A DNA “baptism” that severs your link to Adam *and* Christ.
- A bloodline so corrupted that repentance becomes impossible.

“And the third angel... saying... If any man worship the beast... he shall drink of the wine of the wrath of God.” (Revelation 14:9–10)

This is why Satan is obsessed with blood. Because **it's the one thing he can't counterfeit perfectly**. Only Christ's blood can give life. The devil can only mimic, drain, and corrupt.

8. Conclusion: The Blood War Is Real

You're not just a physical being. You're part of a bloodline war—one ancient, cosmic, and still raging. Every sacrifice, every altar, every ritual, every communion—it's about blood.

Satan spilled it.

Man wasted it.

God offered His.

And now... it's on you.

Whose blood runs through your veins?

Whose name is written in yours?

There is **power in the blood**—but only one blood saves.
