INTRODUCTION: RETURN OF THE GODS – A 5-Part Investigative Series

They say the myths are dead. That the gods of old are just fiction.

But what if they're not?

What if they were never gods at all... but **fallen beings**, imprisoned, plotting, and preparing to rise again?

This 5-part series uncovers the growing evidence that we are living in the **return of the days of Noah**—and the **return of the gods**.

Over the next five entries, we'll expose:

- The ancient deception behind the **Anunnaki** myth
- The hidden reason the U.S. invaded **Iraq** and the truth about **Gilgamesh's tomb**
- The chilling activities unfolding in **Russia's Arctic and underground bases**
- The real war happening now—**Nephilim, portals, and angelic powers**
- And how **CERN** may be the key to unlocking the **bottomless pit itself**

This isn't science fiction. This is **Bible prophecy**, archaeology, geopolitics, and spiritual warfare all converging at the same moment in time.

We'll connect:

- Genesis 6
- Revelation 9
- 1 Enoch
- Modern sightings
- Black site operations
- Stargate theory

- And the lies fueling the coming **Antichrist system**

If you've felt like something is *off*—you're right.

If you've felt like something is *coming*—you're not crazy.

If you think the world isn't just physically collapsing, but spiritually unraveling—you're on to something.

The veil is tearing. The old gods are stirring. And the world is being prepped for a return... not of truth, but of tyranny.

But the King is coming too.

Let's pull back the curtain.

- *This is the rabbit hole they never wanted you to see.*

1 of 5: Return of the Gods – Who Were the Anunnaki? – Fallen Angels in Disguise

“For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places.”
—Ephesians 6:12

We're going to open a door today—a door most people don't even know exists. Behind it lies an ancient story rewritten by the enemy, retold through myths, monuments, and manipulated media. The story of the Anunnaki isn't just another alien theory from fringe corners of the internet. It's part of an age-old deception—one that has slithered through history since the fall of Lucifer and is preparing the world for its greatest delusion yet.

This isn't science fiction. This is spiritual warfare disguised as archaeology.

Let's dive deep and unmask who the Anunnaki really are.

The Origin of the Anunnaki – The “Gods” of Sumer

The name *Anunnaki* comes from ancient Sumerian texts—among the oldest records in human history. According to Mesopotamian mythology, the Anunnaki were a group of gods

who descended from the heavens to shape the earth, rule mankind, and execute divine justice.

They appear in:

- The **Epic of Gilgamesh**
- The **Enuma Elish (Babylonian creation myth)**
- Temple inscriptions from **Eridu, Nippur, and Ur**

Sumerians believed these beings lived in the “sky realms” or the *Abzu* (deep beneath the earth). Some texts refer to the “great gods” and even “watchers” who judged men. Sound familiar?

The Anunnaki were described as tall, radiant, winged, and powerful. They possessed technology and wisdom far superior to man. They were feared. Revered. Worshiped.

These beings allegedly created mankind by mixing their essence (DNA) with clay—resulting in a slave species to do their labor.

Doesn't that sound eerily similar to **Genesis 6**, where the *sons of God* (fallen angels) “saw the daughters of men, that they were fair,” and produced **giants (Nephilim)**?

Hold onto that thought.

Zecharia Sitchin and the Alien Gospel

Fast forward to the 1970s. A man named **Zecharia Sitchin** comes along and publishes *The 12th Planet* and subsequent books in *The Earth Chronicles* series.

Sitchin claimed to have decoded ancient Sumerian cuneiform tablets that traditional scholars had “misinterpreted.” He proposed that the Anunnaki weren't gods at all, but **extraterrestrials** from a distant planet called **Nibiru**—a planet with a 3,600-year orbit that occasionally swings through our solar system.

His core claims:

- The Anunnaki landed on Earth over 400,000 years ago.
- They came seeking gold to repair Nibiru's atmosphere.
- They genetically modified early hominids to create **modern humans**.
- Kingship, language, technology, and religion came from these gods.

- They built ancient wonders—like the pyramids and ziggurats.

Sitchin's narrative doesn't just add new information to history—it rewrites it entirely. Instead of fallen angels, demons, and spiritual rebellion, he gives us a sanitized, scientific-sounding myth: **aliens came, uplifted us, and will return.**

This “alien gospel” has now saturated popular culture through movies (*Prometheus*, *Stargate*), TV shows (*Ancient Aliens*), and even government UFO disclosures.

But here's the problem: **Sitchin's translations were not accurate**, and his assumptions are not academically supported. Yet his version of history is the one shaping public belief.

Why? Because it serves Satan's greater goal...

Fallen Angels, Genesis 6, and the Real Identity of the Anunnaki

Let's open our Bibles.

“That the sons of God saw the daughters of men that they were fair; and they took them wives of all which they chose... There were giants in the earth in those days.” –Genesis 6:2,4

The phrase “sons of God” in the Old Testament refers to **angelic beings** (see Job 1:6, 38:7). Genesis 6 is not about the godly line of Seth—it's about **angels who rebelled**, left their estate (Jude 6), and **cohabited with human women**, producing giants (Nephilim).

In other words, the *original hybrid race*.

Their offspring were wicked, violent, and corrupt. So much so that God had to wipe the slate clean with a global flood. But the Bible says something shocking:

“...and also after that.” (Genesis 6:4)

Which means... the giants returned. After the flood. And that's what we see with Goliath, Og of Bashan, and the sons of Anak.

So who were the Anunnaki?

****They were the same beings described in Genesis 6—**rebellious angels, or the children of them. They were worshiped as gods. They taught mankind forbidden knowledge (see Enoch 8:1-3). They created hybrid offspring. They corrupted the world.**

Anunnaki is just another name for the fallen.

Lucifer's Master Plan – Rewriting the Past to Prepare for the Future

Satan knows what's coming. He knows prophecy. He knows his time is short. So he's not just working in politics or perverting morality—he's rewriting history.

If he can make the world believe:

- The gods of old were **aliens** instead of fallen angels,
- That **they created us** instead of God,
- That **they are returning** to help us evolve rather than destroy us,

Then he's already **primed the minds** of billions for the ultimate deception.

“And for this cause God shall send them strong delusion, that they should believe a lie.” –2 Thessalonians 2:11

Why? Because the lie has already been seeded. The Anunnaki myth is the dress rehearsal for **Revelation 13**, when the Antichrist and False Prophet deceive the world with signs, wonders, and power from the pit.

And who do they serve? The dragon—Lucifer himself.

Spiritual vs. Physical – What's Behind the Disguise?

This is where it gets both terrifying and liberating.

The Anunnaki are not flesh-and-blood aliens from another planet. They are **spiritual entities** masquerading in a form the world is willing to accept. They appear as “light,” “advanced,” “ancient,” even “saviors”—but their true identity is hidden.

“And no marvel; for Satan himself is transformed into an angel of light.” –2 Corinthians 11:14

They are:

- Disembodied **spirits of the Nephilim**, now demons (see Enoch 15:8-10)
- Rebellious **Watchers** locked in Tartarus (2 Peter 2:4, Jude 1:6)
- **Principalities and powers** guiding governments and nations (Daniel 10:13)

Their goal is to **manifest again**. To be loosed from their prison. To re-enter through **portals, technologies, rituals, and global deception**.

And humanity is once again building its Tower of Babel—**CERN, AI, genetic hybridization, transhumanism,** and quantum computing—**whose top may reach unto heaven.**

Conclusion: The Return of the Gods is the Return of the Days of Noah

Jesus warned:

“But as the days of Noah were, so shall also the coming of the Son of man be.” –Matthew 24:37

The days of Noah weren't just evil. They were infected. Hybrid. Infiltrated by spiritual beings pretending to be gods. That's what's returning. That's what the world is welcoming with open arms.

This isn't mythology.

It's **the past becoming the future.** A future where “aliens” descend, global unity is preached, DNA is rewritten, and portals to the abyss are cracked open.

But for the believer, we don't fear the return of the gods. We await the return of **The King**—Jesus Christ, who will destroy them with the **brightness of His coming** (2 Thess. 2:8).

2 of 5: Return of the Gods – Iraq, Gilgamesh, and the Tomb Wars: Secrets Buried in Babylon

“Babylon is suddenly fallen and destroyed: howl for her..”

—Jeremiah 51:8

“They have said, Come, and let us cut them off from being a nation... for they have consulted together with one consent: they are confederate against thee... Assur also is joined with them.”

—Psalm 83:4–8

We often think of wars in terms of oil, power, and politics. But what if the greatest wars weren't about what's above ground—but **what's buried beneath it?** What if the invasion of

Iraq wasn't simply geopolitical maneuvering, but **a covert campaign to reclaim ancient technologies and unearth forbidden truths?**

This is more than war. This is about the **resurrection of a narrative**—the return of the gods.

In this second installment, we'll uncover the eerie events surrounding Iraq, the looting of antiquities, the alleged discovery of **Gilgamesh's tomb**, and how all of it ties into a battle between **Babylon's false gods and the true God of Scripture**.

The U.S. Invasion and the Mysterious Looting of Museums

In March 2003, U.S. forces launched *Operation Iraqi Freedom*, allegedly to dismantle Saddam Hussein's regime and locate **Weapons of Mass Destruction (WMDs)**.

But as history would show:

- **No WMDs were ever found**
- Saddam was captured and executed
- And **over 15,000 priceless Mesopotamian artifacts disappeared overnight** from the **Iraqi National Museum**

The museum had been shut and fortified during the invasion. Then suddenly—looted. Strangely, the artifacts stolen were **not primarily gold or coins**, but **cuneiform tablets**, statues, and cylinder seals related to **Sumerian gods, kingship records, and the Anunnaki**.

Former Pentagon insiders, archaeologists, and whistleblowers began to murmur that **intelligence agencies were directly involved in removing items—before the public looting even began**. Witnesses even reported **black ops teams entering and extracting specific crates**.

What were they after? Why were **4,000-year-old tablets** so important?

Because buried within those artifacts were stories of gods descending, kings living for hundreds of years, advanced technologies, and most disturbingly—a man **who claimed to escape death itself**.

Reports of a Tomb of Gilgamesh and Ancient Sumerian Tech

In 2003, **German archaeologists from the University of Tübingen**, working near the ancient city of Uruk (biblical Erech, Genesis 10:10), made an astonishing announcement: They had allegedly **located the burial site of Gilgamesh**, the legendary king of Uruk, long considered myth.

"We have been able to reconstruct the Gilgamesh epic to a high degree... We found what we believe is the tomb."

– Jörg Fassbinder, German archaeologist (2003)

The site contained a massive structure—submerged in the Euphrates Riverbed—laid out exactly as described in the **Epic of Gilgamesh**: a tomb lined with precious stones, guarded by mysterious figures, surrounded by inscriptions praising his exploits.

And then... the coverage **vanished**. The story was pulled from news outlets. The archaeologists went silent. And shortly afterward, **U.S. forces secured the area and blocked all access**.

What were they trying to contain—or extract?

According to conspiracy researchers and military insiders:

- Gilgamesh's body was **remarkably well-preserved**
- It may have been stored for **resurrection or cloning**
- The tomb held **sealed scrolls, weaponry, or tech** tied to the Anunnaki
- The DNA within could be **hybrid—Nephilim**

Sound far-fetched? Maybe. But consider what the Gilgamesh Epic contains:

- A tale of a king who **defied the gods**
- A journey to **gain immortality**
- Encounters with **"Watchers"** and beings beyond death
- And a search for the **plant of eternal life**

Now imagine the modern military finding that tomb—**with DNA and tech that the world has forgotten but the elite have not**.

And here's where things get prophetic.

Babylon, Babel, and Bible Prophecy Connections

Let's go back to the root: **Babel**, the tower, and the ancient city that would become **Babylon**—head of the Gentile world powers.

“And they said, Go to, let us build us a city and a tower, whose top may reach unto heaven...”

–Genesis 11:4

What was Babel really about?

Not just bricks. Not just rebellion. It was the first **attempt to open a portal**—a gateway between the dimensions. The Hebrew phrase “whose top may reach unto heaven” implies **a portal to the realm of the divine**. They were trying to breach the **firmament**—and possibly even **loose the imprisoned spirits** below the earth.

God's response was swift. He **confused their language**, scattered them, and delayed their mission.

But Babylon never really died.

It reemerged in the time of **Nebuchadnezzar**, who built one of the most powerful empires in history and declared:

“Is not this great Babylon, that I have built for the house of the kingdom by the might of my power...?” –Daniel 4:30

Babylon becomes a **symbol throughout Scripture**:

- Of pride
- Of idolatry
- Of **false gods** ruling over nations
- And ultimately of a **one-world empire** in Revelation

“Babylon the great is fallen... for all nations have drunk of the wine of the wrath of her fornication...” –Revelation 18:2–3

So when the U.S. military marched into Iraq, and the ancient ziggurat of Ur was placed under armed protection... when the site of **ancient Babylon** was turned into a secured zone... and when military units like “Task Force 20” were assigned to dig around Sumerian ruins... the question isn't whether something was found.

The real question is: **Who or what were they trying to wake up?**

What the Bible Says About “Gods” of the Nations (Jeremiah 10, Isaiah 14)

The Bible is clear: the so-called “gods” of the nations are **no gods at all**. They are **fallen angels, rebellious watchers, demonic spirits, or Nephilim hybrids** worshipped as deities.

“For all the gods of the nations are idols: but the Lord made the heavens.” –Psalm 96:5

“The gods that have not made the heavens and the earth... they shall perish from the earth, and from under these heavens.” –Jeremiah 10:11

In Isaiah 14, we read of **Lucifer** (the real king of Babylon, spiritually) who declares:

“I will ascend into heaven, I will exalt my throne above the stars of God... I will be like the most High.”

Sound familiar? This mirrors the same spirit as Babel—**as above, so below**. That’s the satanic goal: **reunite heaven and earth without God**.

Deuteronomy 32:8–9 also reveals that God divided the nations after Babel and **set them under angelic rulers**, many of whom fell into corruption:

“...when the Most High divided to the nations their inheritance... he set the bounds of the people according to the number of the sons of God.”

These “sons of God” became the false gods of Egypt, Babylon, Persia, and Canaan—**Marduk, Baal, Molech, Ishtar, and others**.

Their temples still stand. Their spirits still roam. And their followers still serve them—often unknowingly through secret societies, elite bloodlines, and global governance structures.

When you realize that Babylon is more than a city—it’s a **system**, a **spiritual hive**, a counterfeit **kingdom of Satan**—you begin to see why it must rise one more time... and why God will **destroy it forever**.

Gilgamesh, Nimrod, and the Beast That Rises

There is one final layer to this buried puzzle, and it’s one that chills to the core:

What if Gilgamesh was Nimrod?

Nimrod is described in Genesis as:

- A **mighty one in the earth** (same word used of Nephilim)

- **A hunter before the LORD**
- **The founder of Babel, Erech (Uruk), and Accad**

Many ancient traditions equate Nimrod with Gilgamesh, or at least tie them together. And Revelation tells us of a **Beast that “was, and is not, and yet is.”** (Revelation 17:8)

Could it be that this Beast is **a resurrected Nimrod**—the Antichrist himself?

Some speculate that Gilgamesh’s body is being preserved, cloned, or reconstituted through modern technology in an attempt to **bring him back**—not just symbolically, but literally.

The **Antichrist may be a resurrected Nephilim king**. One who ruled the first world empire... and will return to rule the last.

Final Thoughts: Secrets Still Buried

They said they found the tomb of Gilgamesh. Then the story vanished.

They said they were looking for WMDs. But they guarded **ziggurats, temples, and portals**.

They said it was about democracy. But they covered **ancient sites with airstrips, radar, and military patrols**.

Why?

Because they’re **digging up Babylon**. They’re **resurrecting the kingdom of the gods**. They are preparing for the **last days deception**, and the ground zero for it was **Iraq**—the cradle of civilization, the heart of Eden’s former land, and the future stage for God’s final judgment.

But as believers, we know how this ends.

Babylon falls.

The tombs crack open.

The Son of Man returns.

And the King of Kings crushes the counterfeit forever.

3 of 5: Return of the Gods – Russia’s Arctic Secrets and the Cold Stargate

“Canst thou by searching find out God? canst thou find out the Almighty unto perfection? It is as high as heaven; what canst thou do? deeper than hell; what canst thou know?”

—Job 11:7–8

Russia. The frozen giant. Often dismissed as backward, authoritarian, and corrupt. But what if behind the political smoke and media propaganda, **Russia holds keys to ancient knowledge, forbidden locations, and spiritual truths the West deliberately buries?**

As the world’s attention remains glued to Ukraine, AI, and aliens, something is happening in the **Arctic—beneath the ice and silence of Siberia**. In this third essay, we unearth the strange military movements, deep underground bases, and **anomalous activity that points to something far more ancient and spiritual than geopolitics**.

This isn’t just about Russia vs. NATO.

This is about **gods, gates, and global dominions**.

And it goes back to **Daniel, the Watchers, and the coming war between heaven and hell**.

Underground Bases in the Arctic and Siberia

The Western world has NORAD, Cheyenne Mountain, and Area 51. But **Russia’s territory stretches into something even more foreboding—uncharted wilderness, tundras, and icy cliffs**, many of which the public is not even permitted to access.

Here are just a few of the installations and incidents that have raised eyebrows:

1. Yamantau Mountain (Ural Mountains)

Located deep in the Urals, **Mount Yamantau** has been at the center of rumors for decades. The U.S. intelligence community suspects it’s one of the **largest secret military bases in the world**. Some believe it’s a:

- Nuclear command center
- Data storage fortress
- Refuge for elites in case of global catastrophe
- **Stargate containment or research site**

Satellite imagery shows massive tunneling, continual construction, and infrastructure networks too vast for a standard bunker. Yet Russian officials deflect all questions, often replying with vague answers like: “It's a mining site.”

A mining site... guarded by nuclear-powered security?

2. The Dyatlov Pass Incident

In 1959, nine experienced Russian hikers were found dead in the Ural Mountains under **mysterious and violent circumstances**. Their tent was slashed from the inside. Some had radiation on their bodies. One was missing her tongue.

Though many dismiss it as natural or psychological panic, others believe **they stumbled upon something they weren't meant to see—an underground facility, weapon test, or ancient power source**.

Some survivors' diaries mentioned “strange lights” and “unearthly sounds.”

It's worth noting: **Dyatlov Pass is near ancient tribal legends of “cursed mountains”** and underground spirits that emerge during times of cosmic instability.

Ancient Anomalies and Alleged Portal Zones

Russia is filled with strange anomalies—geological, spiritual, and even interdimensional. The Western press largely ignores them, but here are a few worth mentioning:

1. The Patomskiy Crater (Siberia)

Discovered in 1949 in Irkutsk, this massive, cone-shaped crater baffles scientists. It resembles the result of an **underground explosion or spacecraft launch**, yet no meteorite residue has ever been found.

Geologists note:

- No signs of volcanic activity
- Tree growth around the crater is highly distorted
- Animals avoid the area entirely

Russian lore says it's a **“nest of the gods”**—a site where heavenly beings once descended and entered the underworld.

2. The Tunguska Event

On June 30, 1908, a massive explosion flattened 830 square miles of Siberian forest. No impact crater. No meteorite found. Yet the blast was equivalent to **15 megatons of TNT**—1,000 times the force of Hiroshima.

Some researchers (including Russian scientists) speculate:

- It was a **plasma weapon** test by ancient tech
- A **portal opened briefly**, destabilizing the atmosphere
- A **crashed or departing UFO** exploded mid-air

It's no coincidence that the Soviet military **cordoned off the area for decades** and built secret installations nearby.

3. Lake Baikal: The Underwater Beings

Lake Baikal, the deepest freshwater lake on Earth, is infamous for:

- **UFO sightings**
- Reports of **giant humanoid beings** underwater
- Military diver disappearances during Soviet-era exploration

In 1982, Soviet navy divers encountered "**swimming beings**" wearing **silvery suits**—massive in size, with no breathing gear. When they tried to capture one, three divers died from rapid ascent trauma, and four were severely injured.

The story was buried for years—until **declassified Russian naval documents confirmed portions of it.**

Why Russia's Spiritual War Posture Differs from the West

The Western church is asleep.

America has been hijacked by entertainment, moral decay, and "progressive" churches who deny spiritual warfare altogether.

Russia, for all its problems, **still acknowledges the supernatural.**

Putin's government often invokes "Holy Russia" and **Orthodox Christianity** as a national identity. While this is political at times, there's also a **deep recognition of good vs. evil, sacred land, and the threat of unseen powers.**

Consider:

- Russian cosmonauts have openly discussed **encounters with beings in space**—and they weren't shy to call them “spirits.”
- Russian theologians speak of **portals and the Abyss** in connection to Revelation.
- Russian military doctrine even includes “**psycho-energetic weapons**”—based on frequencies, consciousness, and **dimensional gateways**.

In contrast, Western powers mock and medicate anything spiritual.

So when Russia builds underground bases near ancient “skyfall” zones, they may not be hiding from NATO—they may be **bracing for an eruption from the pit**.

Daniel's Prince of Persia and Prince of Grecia — Territorial Powers at Play

Let's return to the Bible—where all of this has its root.

In Daniel 10, the prophet is given a disturbing vision of the future and fasts for 21 days. When the angel (likely Gabriel) finally arrives, he says:

“Fear not, Daniel... from the first day... thy words were heard... But the prince of the kingdom of Persia withstood me one and twenty days...”

“...and lo, Michael, one of the chief princes, came to help me...”

This is not a human prince. This is a **territorial spirit**—a high-ranking fallen angel ruling over Persia. After him, the angel says another will come:

“...the prince of Grecia shall come.”

These are **demonic rulers over geographical regions**—what Ephesians 6 calls “principalities and powers.” Their influence works through:

- Empires
- Military conquests
- Ideologies
- False religions

If there was a Prince of Persia and Prince of Grecia... there is a **Prince of Russia. A Prince of China. A Prince of America. A Prince of Israel.**

And these powers **are at war**—in the heavens above and in the politics below.

When we look at **Russia's Arctic gates, Siberian vortexes, and sealed tombs of ancient beings**, we're not just seeing weird geography—we're seeing **strongholds of ancient dominions**.

These spirits don't just hover in the sky.

They dwell in places.

They guard technologies.

They resist the plan of God.

And in the last days, they **will be loosed**.

Could Russia Hold the Gate?

Here's where things turn.

Many believe the final portal—the **gate to the Abyss, the bottomless pit of Revelation 9**—is somewhere in the Middle East, possibly under **Mount Hermon** or beneath **Babylon**.

But there is a theory gaining traction:

That the Arctic holds another gate—a "Cold Stargate"—separate from the pit of Revelation, but equally important. Possibly used by the fallen before the flood to **enter and exit the realm**. Possibly guarded today by the powers that be.

Why is **every major nation racing to militarize the Arctic**?

- **U.S. submarines under the ice.**
- **China claiming shipping routes.**
- **Russia building radar bases and domed installations.**
- Even **CERN has projects tied to Arctic neutrino research**—looking for "dark matter."

Because beneath the ice lies:

- **Uncharted ruins**
- **Ancient crystalline structures**
- **Electromagnetic anomalies**
- And possibly a **second ladder to heaven—one the enemy intends to climb again**

And this time, they want to open it wide.

Final Thoughts: The Cold War Wasn't Just Political

The phrase “Cold War” has always sounded... clinical. But what if it was prophetic?

What if the war has always been about the **“cold” gates—the frozen lands beyond the reach of the sun**, where **the Watchers first fell**, and where **dimensional thresholds remain sealed... for now?**

Russia's actions make more sense when seen through this lens:

- Guarding spiritual thresholds
- Containing fallen technology
- Maintaining ancient covenants they don't fully understand

We may scoff at their secrecy. But perhaps, deep in their Orthodox roots, they know:

If these gates open—Babylon rises again.

And if Babylon rises again... so must **the King of kings**, who comes not through a gate, but **on the clouds, with fire, sword, and glory.**

4 of 5: Return of the Gods – The Real War: Angels, Giants, and Portals

“The things which are seen are temporal; but the things which are not seen are eternal.”
—2 Corinthians 4:18

“There were giants in the earth in those days; and also after that...”

—Genesis 6:4

There is a war taking place right now.
Not the one your newsfeed tells you about.
Not the one that shifts with elections or borders.

This war is older than nations.
Older than mankind.
Older than the stars.

And it’s heating up.

In this fourth installment of *Return of the Gods*, we rip the veil wide open and expose the spiritual battle bleeding into our physical world. This is the **real war**—not between countries, but between **celestial dominions, resurrected giants, ancient beings**, and the **gates of the underworld**.

It’s not just prophecy anymore.
It’s unfolding.
Now.

DUMBs, Nephilim Resurrection, and Stargates

Let’s begin with something concrete—literally.

Across the world, thousands of **Deep Underground Military Bases (DUMBs)** exist. Some are confirmed. Others are denied. But nearly every continent has them. In the United States alone, estimates claim **over 100 major underground installations**, some miles deep and connected by **maglev trains and sealed tunnels**.

Their purpose?

You’ll hear the standard script: nuclear shelters, continuity of government, black-ops research. But insiders have whispered a darker reason:

Containment. Reanimation. And Stargate access.

These facilities, particularly those near ancient spiritual sites, serve as:

- **Containment zones** for recovered **giant remains** (Nephilim DNA)

- **Labs for cloning or “resurrecting” hybrid entities**
- **Launch points or gateways to ancient portals**

Why Nephilim?

Genesis 6 says giants were on the earth in the days before the flood—and also “after that.” The “after that” is key. It means these creatures—**hybrid offspring of fallen angels and women**—survived in some form.

The Book of Enoch reveals:

- The **Watchers** (fallen angels) taught mankind secrets
- Their hybrid offspring became violent, cannibalistic, and defiant
- After their bodies died, their **spirits became demons**
- Some were **imprisoned**, others roam the earth

Modern genetics has caught up with this reality. We now have:

- **CRISPR tech** that can splice genes with precision
- The ability to **extract and “resurrect” extinct DNA**
- Access to **giant bones and hidden remains** kept in military labs or “lost” by the Smithsonian

Are they trying to bring them back?

The answer lies in the stargates.

Stargates: The Ancient Technology of the Gods

What if the “gates of hell” Jesus spoke of weren’t just metaphors? What if they were **real, literal portals**—dimensional intersections that once allowed beings to pass between realms?

The ancient world thought so. From Babylon to Peru, from Egypt to the Himalayas, we find:

- Temples aligned with **celestial markers**
- **Megalithic structures** with resonance cavities
- Portals inscribed with **worship to fallen gods**

- “Doorways” like **Gate of the Sun, El Arbol, and Gate of the Gods**

These weren’t just altars. They were **activation points**—devices built over **tears in the fabric of reality**.

And today, governments are rebuilding over them:

- **CERN**, allegedly over the old Temple of Apollyon
- **Iraq**, with U.S. troops guarding ancient ziggurats
- **Antarctica**, where rumors of buried cities and Nephilim tech won’t die

But let’s go further...

Where Do the Kandahar Giant and Modern Sightings Fit In?

For years, stories of giant beings spotted in war zones have circulated. Most are dismissed... until you look closer.

Kandahar, Afghanistan – 2002

A U.S. Special Forces unit went missing in a remote mountain region. When a second team was deployed, they were allegedly **attacked by a 12 to 15-foot humanoid** with red hair, six fingers, and **supernatural strength**.

After intense combat, the being was killed—its body **flown to an undisclosed base**.

Insiders leaked the following details:

- The being had **archaic weapons** but advanced strength
- It spoke in **unknown tongues**
- The area was marked by **caves with strange inscriptions**

The Pentagon denies it. But too many insiders—from pilots to medics—have **corroborated the same description**.

And it’s not the only case.

Other Modern Sightings:

- **Iraq:** Soldiers near ancient ruins report “giant shadows” and **disappearing entities**.
- **Antarctica:** Satellite glitches hide **mountain-sized anomalies** near claimed “research zones.”

- **Alaska (Nome and Fairbanks):** Reports of strange humanoids with **insect-like features** and **light-bending camouflage**.

These beings are **not human**. Nor are they “aliens” in the way the world thinks. They are remnants. Reflections. **Revived Watcher offspring**.

And their time is coming again.

Revelation 9, the Bottomless Pit, and Apollyon

Let’s connect this to prophecy.

“And the fifth angel sounded, and I saw a star fall from heaven unto the earth: and to him was given the key of the bottomless pit.”

–*Revelation 9:1*

Revelation 9 describes a moment of **interdimensional catastrophe**:

- A “star” (likely an angelic being) falls
- A **key** is given to **unlock the pit**
- Smoke, torment, and **locust-like hybrid entities** emerge
- Their king is called **Apollyon (Abaddon)**—*the destroyer*

Some scholars try to make this figurative. But what if it’s literal?

What if:

- The **pit** is real—beneath the earth
- The **key** is technology, ritual, or both
- The **locusts** are **Nephilim/demonic hybrids**—spiritual but with physical form

CERN’s Shiva statue and occult connections only amplify this theory. Remember:

- CERN is built over ancient **Apolliac temples**
- Their own videos (e.g., “Symmetry”) depict **portals opening, possession, and sacrifice**
- Their collider creates **micro black holes**—theoretical *gateways* to other dimensions

Even Stephen Hawking warned:

“CERN could summon destroyers of worlds.”

They’re not hiding it. They’re laughing at us.

The Veil Between Dimensions Is Thinning—What the Elite Know

In ancient times, angels walked with men. Then the veil was drawn.

But today, that veil is **wearing thin**. Supernatural encounters are **increasing**, and even secular minds are beginning to crack.

The elite know:

- Something is coming **from below**
- Something is arriving **from above**
- And in between, **a shift** is taking place

Their preparations reveal what they fear:

- **Dozens of seed vaults**, DNA banks, and deep bunkers
- Rituals embedded into **Hollywood, music, and politics**
- **Merging of man and machine** to host coming entities

It’s no longer about *if* the giants return.

It’s about *when*.

And how many humans will **invite them in**.

What Happens When the Gates Open?

The Book of Revelation is not vague:

- **Demons flood the earth** (Rev. 9)
- **The Beast ascends from the pit** (Rev. 11:7)
- **The earth becomes a prison of torment** for those who worship the system

Jesus called it:

“As it was in the days of Noah, so shall it be in the days of the Son of man.”

Those days were full of:

- Giants
- Hybridization
- Open contact with spiritual beings
- Corruption of the flesh
- Global judgment

That's not just the past—it's the **blueprint for the future.**

But here's the hope...

The Gates of Hell Will Not Prevail

When Jesus said in Matthew 16:18:

“Upon this rock I will build my church; and the gates of hell shall not prevail against it,”

He wasn't being poetic.

He was declaring **jurisdictional authority.**

He was announcing **spiritual supremacy.**

He was telling the fallen realm:

“You can rise. But I will descend.”

The church is not helpless.

We don't retreat.

We are equipped with:

- **The sword of truth**
- **The authority of Christ's name**
- And the **Spirit of the living God**

Giants may rise. Portals may open.

But **we are not afraid**—because the Lamb has already overcome.

Final Thoughts: The Real War Is Closer Than You Think

This series is not science fiction.

It's spiritual reality.

From deep bases to stargates, from cloned giants to the pit of Apollyon—this is the **true conflict behind the news, the governments, and the staged narratives.**

And every strange whisper, every unexplained shadow, every slip in time and sound... is pointing to **an invasion that began long ago.**

But we're not just exposing it.
We're preparing for it.

5 of 5: Return of the Gods – CERN, Prophecy, and the Beast That Rises

“O Timothy, keep that which is committed to thy trust, avoiding profane and vain babblings, and oppositions of science falsely so called.”

—1 Timothy 6:20

“And they had a king over them... whose name in the Hebrew tongue is Abaddon, but in the Greek tongue hath his name Apollyon.”

—Revelation 9:11

For decades, we were told the future would be forged in laboratories—by white-coated scientists, not warlocks and ancient gods. We were told that science would lead us to enlightenment, to utopia, to freedom from ignorance.

But what if the scientists... became the priests?
And what they were really building... was a **temple**?
Not to God—but to **Apollyon**, the king of the pit?

In this explosive final chapter of *Return of the Gods*, we dive into the chilling reality of CERN—the most powerful particle collider on Earth—and its role in the spiritual war of the end times. This is not just about physics.

It's about **portals, prophecy, and the preparation for the Beast.**

What Is CERN Really Doing? Are They Attempting to Open Portals?

CERN stands for the *European Organization for Nuclear Research*.

It operates the **Large Hadron Collider (LHC)** beneath the France-Switzerland border—a 17-mile underground loop designed to smash particles together at nearly the speed of light.

Its stated mission?

To explore the fundamental building blocks of matter.

To uncover the secrets of the universe.

To find the “God Particle”—the elusive Higgs boson.

But scratch the surface... and you find something far more sinister.

Strange Activities at CERN:

1. Shiva, the Destroyer:

A **30-foot statue of Shiva**, the Hindu god of destruction and rebirth, stands at CERN’s entrance. Shiva performs the *tandava*—the cosmic dance that destroys the universe to prepare for its renewal. Why would a scientific institution erect such an idol?

2. Occult Symbolism:

CERN has conducted bizarre video rituals like *Symmetry* and *Dance of Destruction*, filled with occult imagery, labyrinths, and spiritual overtones—**not typical behavior for physicists**.

3. Dimensional Rhetoric:

In a 2015 press release, CERN scientists discussed attempts to “**reach into parallel dimensions**” and “**poke into the fabric of reality**.” Some stated they hoped to “**contact alternate universes**.”

4. Time and Space Anomalies:

There have been strange reports:

- Sudden **power surges and blackouts** during experiments
- Unexplained **figures appearing on internal cameras**
- Even **time disruptions** recorded by CERN’s own software systems

These aren’t conspiracy theories—they’re **documented statements and events**. So the real question is:

What exactly are they trying to open?

How It Ties to Nimrod, Babel, and Revelation 13

Let's go back—way back.

Genesis 10:8–10 introduces **Nimrod**, a “mighty one” who began his kingdom in **Babel (Babylon)**.

Genesis 11 shows mankind uniting under him to build a tower:

“...whose top may reach unto heaven...”

This wasn't about height. It was about access.

They were building a **stargate**—a ziggurat designed to **breach the firmament** and **invade the spiritual realm**. God stopped them—not because they were primitive, but because:

“...nothing will be restrained from them, which they have imagined to do.” –Genesis 11:6

What they were doing in Babel...

CERN is doing again.

Let that sink in.

- **CERN is built on the ancient site of Apolliacum**, a Roman temple to **Apollyon (Abaddon)**—the same name given to the king of the bottomless pit in Revelation 9.
- Just like Babel, CERN is a **tower beneath the earth**, built to **pierce heaven and unlock hell**.
- Just like Nimrod, CERN is a **unified global effort** of many nations, **one language (science)**, and **one mission**: access forbidden realms.

In Revelation 13, the Beast rises. But look closely...

“And the beast which I saw was like unto a leopard... and the dragon gave him his power, and his seat, and great authority.”

The Beast is not just political—it is **powered by something ancient**.

And in verse 3:

“...his deadly wound was healed: and all the world wondered after the beast.”

There's speculation here—and rightly so. Could the Beast be **resurrected**?

A hybrid? A revived Nimrod? A transdimensional being?

CERN may be the machine that makes it happen.

“Science Falsely So Called” – 1 Timothy 6:20

Paul’s warning to Timothy couldn’t be more relevant.

We live in a time where **scientific language is being used as a cloak**—a cover for **deep spiritual rebellion**.

- They say “quantum tunneling.”
But it’s really about **breaking dimensional walls**.
- They say “dark matter.”
But they’re reaching for **spiritual forces that defy control**.
- They say “multiverse.”
But they mean **gateways to other realities—realms of angels, demons, and powers**.

CERN’s own scientists speak in tones that resemble **the Tower of Babel architects**. They openly discuss:

- Wanting to “recreate the conditions of the Big Bang”
- “Tearing through time-space”
- “Seeing what’s on the other side”

This is not neutral. This is not harmless curiosity.

This is **modern alchemy**—disguised as academia.

This is **Babylonian sorcery in a lab coat**.

And the Word of God calls it out:

“Profane and vain babblings... science falsely so called.”

The Final Deception Before the Antichrist Steps Onto the Scene

Revelation 13 tells us of a global worship system:

“And all the world wondered after the beast.”

But how will the world **accept** him?

You need three things:

1. **A unifying crisis** (climate, aliens, war, collapse)

2. **A supernatural sign or “miracle”** (Revelation 13:13)
3. **A false explanation for biblical events** (like the rapture)

CERN could provide **all three**.

- It could “open” the veil at just the right moment, allowing beings (or one “being”) to emerge.
- It could produce **visuals** so overwhelming—portals, clouds, light shows—that people are **deceived by what they see**.
- It could be used to **rebrand the Beast** not as Antichrist—but as **savior from another realm**, our “evolved” leader from the “12th planet,” or the “firstborn of the new age.”

This deception is not just clever—it’s **engineered**.

Hollywood has primed us.

Education has softened us.

Religion has neutered itself.

And science has positioned itself as **God’s replacement**.

So when the veil tears—and the beast steps through—**the world will bow**.

What They Know (That You’re Not Supposed to)

The elite are not atheists.

They are believers.

They believe in:

- **The gods of old**
- **The resurrection of their kingdom**
- **The bloodlines of the Nephilim**
- **The gates between dimensions**
- And most of all... they believe **they can win**

CERN is not a scientific temple. It’s a **key**.

A key designed to unlock **Revelation 9**.

To call forth **Apollyon**.

To restore **Nimrod**.

To empower **the Beast**.

And to deceive a generation asleep at the wheel.

But There Is a Limit to Their Madness

Jesus Christ holds the real key.

“I am he that liveth, and was dead; and, behold, I am alive for evermore, Amen; and have the keys of hell and of death.”

–Revelation 1:18

The Beast may rise—but he will fall.

CERN may unlock the pit—but it will be shut forever.

The false prophet may work miracles—but fire will devour him.

And the devil may rage—but he is already judged.

We, as believers, do not tremble.

We **watch**.

We **warn**.

We **stand**.

Because greater is He that is in us, than he that is in the world.

🔑 Final Thoughts: The Gate May Open—But So Will the Sky

This series began with ancient myths and ended at the gates of the abyss.

But above it all stands **one name**—Jesus Christ, King of Kings, the one who will split the sky, shake the earth, and destroy the Beast **with the brightness of His coming**.

They’re building their towers again.

They’re summoning their gods again.

They’re preparing the pit again.

But there’s one thing they forgot:

The heavens still rule.

CONCLUSION – RETURN OF THE GODS

We've reached the end of the 5-part series. But the truth we've uncovered?
That's just the beginning.

The gods of old were never gods.

They were **fallen angels**, masquerading as divine, enslaving mankind, and rewriting history. From **Babylon to CERN**, from **Gilgamesh to Apollyon**, the same story keeps repeating—**fallen beings trying to reclaim a kingdom they lost at the Flood... and will lose again at the Second Coming.**

We've exposed:

- The lie of the Anunnaki and the “alien gospel”
- What's really buried in Iraq—and why it was worth a war
- Russia's Arctic secrets and the ancient powers hidden in frozen ground
- The rise of stargates, hybrid resurrection, and giants walking among us
- How CERN may be the modern Tower of Babel—and the Beast's key to rise from the pit

This was never about mythology.

This was about the Bible being **right all along**—and prophecy coming alive right under our feet.

The elites know what's coming.

The military-industrial complex is bracing for it.

The religions of the world are being prepped to welcome it.

But most Christians? Still asleep.

“As in the days of Noah...”

We're here again.

The good news?

Jesus is not Anunnaki. He is not a hybrid. He is not returning to reclaim a lost tower.

He is **King of Kings**, and He will return to crush the Beast, judge the gods, and reign forever.

The gods are returning... but they won't win.

Stay watchful. Stay grounded. Stay in the Word.

And buckle up—because the next series will go even deeper.
